

Ilitis-Rosala
WALKABOUT
2026

Welcome to the Walkabout, the handy guide to services and events in Hitis and Rosala! This brochure is part of the village information service run by the Hitis village association in collaboration with Kimitoön's library since 2018. During the summer, the village information service has a representative on site at Ådan, in the library premises, three days a week in addition to the library's regular two days. The info service maintains the Facebook page 'Hitis byainfo ÅDAN', which we recommend you follow for the latest events in the Hitis archipelago. New for this year is that we have digital information screens in Hitis, Rosala and on the Aurora car ferry.

The Village info service supports the association's main focus: keeping the village alive by encouraging people to move here, looking after the villagers' interests and enhancing the quality of life in the village. This work has received grants from Amos Andersons fond, I samma båt rf, Kimitoön municipality, Svenska Folkskolans Vänner and Svenska Kulturfonden. Many thanks to all contributors over the years.

A warm welcome to our islands!
Hitis village association's board with partners

Everyone is welcome to use the village association's guest jetties in Vikare. If you want to become a member of the association, just make a 10 € / person payment to MobilePay nr 68519 or bank account nr FI17 4327 0010 3646 59; please write your name/s in the message field.

Go to hitisbyaforening.fi for online versions of the brochure.

Wed, Fri & Sat **10–14**

Follow Hitis byainfo ÅDAN on Facebook for information about the Hitis area. See also the website for all Kimitoön libraries, blanka.fi.

"I want to live by the sea"

In the idyllic village Rosala there is an elementary school that houses everything from kindergarten to class 6. The close proximity to the sea, the clean air and the home-cooked meals make the school unique.

In Hitis-Rosala skola everyone is allowed to be themselves, all pupils are seen and given the space they deserve. "Ingen annan är lika bra på att vara den jag är. Jag är helt enkelt bäst på att vara jag!"

The school also has a joint parents' association with Dalsbruk School, where pupils from the archipelago continue their education in Years 7–9.
